P R E F A C E

In accordance with the provisions of Section 29000 to 29144, inclusive, of the Government Code, the Board of Supervisors herewith presents to the taxpayers of Los Angeles County, the COUNTY BUDGET for the fiscal year beginning July 1, 1993, and ending June 30, 1994, as adopted by a resolution of this Board on July 29, 1993 and subsequently adjusted on October 5 and October 19, 1993.

This Budget has been compiled in accordance with statutory provisions and shows the amounts that have been appropriated for the General Fund, Special Revenue Funds, Proprietary Funds and Special Districts under the control of the Board of Supervisors.

Also included are statements exhibiting estimates of the revenues, including property taxes, that are expected to accrue during this fiscal period and the source thereof, and the available fund balances that are to be applied in the financing of this Budget.

As a matter of general information to the public, and in response to requests for such information, there has been added to each department budget an explanatory note giving a brief synopsis of the work performed by the department or the purpose for which the appropriation was made. To those who desire more specific information with respect to the various functions, it is suggested that your communication be addressed to the head of the department.

Respectfully submitted,

BOARD OF SUPERVISORS

Legislative and Administrative

The Chief Administrative Office (CAO) is established by County Ordinance as the chief of staff to the Board of Supervisors. The Office is mandated to execute, on behalf of the Board, its administrative supervision and control of the affairs of the County. Responsibilities included: To prepare budget and operational recommendations for the Board of Supervisors; monitor and control Countywide expenditures; analyze and advocate legislation; and administer the Capital Projects and Asset Management programs. As the Director of Personnel, the CAO is responsible for managing the County's employee relations and compensation programs, risk management and insurance, and decentralized human resources. Additionally, the CAO is responsible for directing the County's emergency management program, maintaining effective relations with cities, and providing public information services.

1993-94 Adopted Budget

The 1993-94 Adopted Budget reflects further reduction in administrative staff assigned to assist the Board of Supervisors in effectively managing the financial and human resources of the County. This will result in further delays on responses to the Board, departments, unions, other agencies and public inquiries. Also reflects anticipated savings in services and supplies costs, as well as receipt of one-time-only revenues reimbursing previous expenses.

The Arboretum is a botanical and historical preserve that was acquired by the State and County on a matching basis in 1947. On Jan. 1, 1988, pursuant to Government Code Section 14673.7 the State transferred all interest in the State and County Arboretum in Arcadia and the Lux Arboretum in Monrovia to Los Angeles County as long as the County continues to maintain the facilities for public park and recreation purposes. In conjunction with the development of 120 acres for public use, botanical research projects are conducted on the introduction, propagation, growing, testing and demonstration of trees, grasses and plants. The department also operates Descanso Gardens, South Coast Botanic Gardens and Virginia Robinson Gardens.

1993-94 Adopted Budget

The 1993-94 Adopted Budget for Administration reflects an increase in State and Federal funding. This has allowed for an increase in staffing above the 1992-93 level. The assistance Payments budget reflects an appropriation increase of $39.4 million which is primarily attributable to projected caseload growth. Caseloads have been conservatively estimated and reflect projected levels of reimbursement from State and Federal sources.

Aid Programs/Other Assistance

The Assistance Payments budget unit consists of four components which give direct aid and assistance to recipients, either in the form of cash payments, social services, or through contract agencies. They are subsidized by State and Federal funds. Foster Care provides financial assistance to children in protective custody who are placed in foster homes; it is a component of the Aid to Families with Dependent Children program. Adoption Assistance provides aid to prospective adoptive parents for the adoption of special needs children. Seriously Emotionally Disturbed Children Program provides out-of-home placement for children who are not dependents of the juvenile court, but require placement in order to receive specialized education. Child Abuse Prevention Program (authorized by AB 1733) provides funding for contract agencies to serve high risk children.

FUNCTION
General

ACTIVITY
Personnel

The Employee Relations Commission was established in 1968 by the Board of Supervisors' adoption of the Employee Relations Ordinance to improve labor relations between County government and its employees. The County has a legal obligation to implement and administer the provisions of the Employee Relations Ordinance. Commission responsibilities include provisions for the registration, recognition, certification and decertification of employee organizations, for the establishment of bargaining units and the conduct of elections, for adding and deleting classifications from bargaining units, for the supervision and administration of negotiations, impasse procedures, for the filing and processing of arbitration requests, and the disposition of unfair employee relations practice charges; and more generally, protection of the rights of County employees and County management.

1993-94 Adopted Budget

The 1993-94 Adopted Budget for the Department of Health Services (DHS) sustains the current level of services, with the exception of the planned closure of four comprehensive health centers and twenty public health centers.

The Adopted Budget is dependent upon $100 million in SB 1255 funding, and $115 million in State Legalization Impact Assistance Grant. In addition, if the County receives legislative relief from maintenance of effort requirements, the planned closure of the twenty-four health facilities will not be implemented.

MENTAL HEALTH

FUND
General

FUNCTION
Health and Sanitation

ACTIVITY
Health

To provide care and treatment to mentally disordered individuals. The Department coordinates and develops mental health services through a community-based planning process. Primary services include inpatient care, outpatient services (including crisis intervention/emergency response), day treatment programs, and case management provided through County-operated mental health clinics and hospitals, State hospitals, and private contract providers.

The Director of Mental Health serves as ex officio Public Guardian, acting as conservator for persons gravely disabled by mental illness and, as appointed by the court, for the frail elderly. The Director is also the County's Conservatorship Investigative Officer, in accordance with the Los Angeles County Mental Health Plan.

The Museum of Art, established by County Ordinance, administers the Museum of Art Complex in Hancock Park. The facilities, opened in 1965, were financed by the Museum Associates, a private non-profit corporation, and made a gift to the County by this group. The Museum Associates acts as the governing body of the Museum of Art subject to the directions of the Board of Supervisors. The primary purpose of the Museum of Art is the preservation, safeguarding and display of the permanent art collection. The Museum of Art conducts special exhibitions and a varied education program designed to enhance the public's knowledge and appreciation of art.

The Museum of Natural History administers and operates the Los Angeles County Museum facility in Exposition Park, George C. Page Museum, William S. Hart Museum and the grounds of the Rancho La Brea, except that area devoted to the Los Angeles County Museum of Art. Operating funds are provided from County appropriations with material for exhibition provided largely from private sources. The Museum is an educational institution for the acquisition, investigation, preservation, publication, display and educational use of valuable historical or scientific material. Hancock Park, deeded to the County in 1923, contains the largest known source of late Ice Age fossils.

1993-94 Adopted Budget

The 1993-94 Adopted Budget reflects a net increase of 367.2 positions due to implementation of new program activities such as the In-Home Supportive Services Personal Care Services Program and the joint Public Health Project with the Department of Health Services. In addition, the Department assumed responsibility for the case management services for the Greater Avenues for Independence (GAIN) Program. This function had been previously contracted.

The Budget reflects various changes required by the State Budget such as a 2.7% reduction in the Aid to Families with Dependent Children (AFDC) grant from $307 per month to $299 per month.

The Budget also reflects a reduction in the General Relief (GR) grant from $293 to $212. This reduction is a result of the combined reduction of 2.7 percent consistent with the AFDC grant and a further reduction to reflect $73 in-kind County paid medical care under the Community Health Plan.

The assistance payment caseloads have been conservatively budgeted.

Revenue increases are based upon projected levels of the reimbursement from State and Federal sources for eligible public assistance and social services program. The primary source for the additional revenue in the Administration Budget in the State's expanded funding for GAIN.

1993-94 Adopted Budget

The 1993-94 Adopted Budget reflects the continued downturn in the building industry. As a result, the County Engineer Fund must continue to extend strict spending controls which include freezing vacant positions, curtailing the purchase of services and supplies, and shifting personnel to productive work financed by other funds. Further curtailments were taken in building and safety permit and inspection services, Property Rehabilitation Program, land development plan check reviews, post County improvement work, County Hazardous Waste Management Plan, and house numbering maps.

Under authority of the State law the County can acquire larger size pipe and outfall sewers than immediately required to serve the property being improved. The subdivider, individual or Improvement District is reimbursed by the County a proportionate share of the cost incurred by additional size or length of such lines. The County, in turn, recovers its cost in future years as charges are made to other property owners for the subsequent use of the enlarged facilities.

1993-94 Adopted Budget

The 1993-94 Adopted Budget reflects a reduction of positions and service levels associated with property tax, business license, and administrative programs; and an increase in appropriation for reimbursable services provided to departments and outside agencies. The budget also includes funding for the development and implementation of systems, such as the Secured Tax Roll and Automated Accounts Receivable Systems to support program operations.

JPA's and NPC's

JOINT POWERS AUTHORITIES (JPA'S) AND NONPROFIT CORPORATIONS (NPC'S)

To accomplish long-term financing requirements for capital improvements, counties may enter into agreements with Joint Powers Authorities and Nonprofit Corporations to construct or acquire facilities on behalf of the counties. The JPA or NPC enters into the long-term financing by issuing bonds or certificates of participation. The County then leases the facility with lease payments being structured to meet the obligations of the JPA or NPC. Upon retirement of the long-term debt instruments, title to the property is transferred to the County.

The following display identifies those projects which have been or are proposed to be financed through the mechanism described above. These projects represent priorities but involve investments which exceed the cash-financing capabilities of the County.

Frequently, in the case of capital construction, substantial expenditures are required before fixed-price construction contracts can be awarded. Permanent long-term financing is not a possibility during these initial project phases as bonds cannot be properly sized. Therefore interim financing in the form of Bond Anticipation Notes (BANS) becomes necessary. The following display shows total estimated project costs, that portion of the project which can be paid directly from bond proceeds (revenue), and the interim financing or BANS requirements.

1993-94 Adopted Budget

The 1993-94 Adopted Budget reflects a reduction in library service hours at all locations and the elimination of all purchases of new books and materials. It includes $3.5 million in one-time only General Fund financing to maintain 43 library service outlets until January 31, 1994 and avert their closure in anticipation of successful passage of Benefit Assessment legislation. Reduced revenues are the result of the State's AB-8 property tax shift which diverted additional monies to local schools.

1993-94 Adopted Budget

The 1993-94 Adopted Budget reflects coordinating the Source Reduction and Household Hazardous Waste Elements; preparing annual reports to the California Integrated Waste Management Board; processing Findings of Conformance for all new and expanded solid waste management facilities; administering the County Integrated Waste Management Plan; and implementing the Countywide Siting Element and Household Hazardous Waste Programs. This fund further provides for public education awareness programs that address issues involving source reduction, recycling, composting, and market development for diverted materials; and implementation of market strategies and programs which would lessen dependence on land disposal sites for solid waste.

PUBLIC WORKS-INTERNAL SERVICE FUND--SCHEDULE 10

On June 23, 1987 the Board approved the establishment of an Internal Service Fund for the Department of Public Works. This fund is designed to simplify billings for services provided between the multiple funds comprising the Department of Public Works. This fund allows all salaries and employee benefits, material charges and equipment charges for the department to be paid through the Fund and the appropriate amounts billed to each specific fund.

1993-94 Adopted Budget

The 1993-94 Adopted Budget reflects an increase of Seventy (70) positions for the Board approved Local Employment Action Plan (LEAP) which establishes a one-year job program providing entry level laborer positions. The change in fixed assets-equipment reflects current year requirements.

HEALTH NET SELF-INSURANCE FUND

This fund was established by the Board on September 15, 1992 and became effective January 1, 1993. The fund provides nonrepresented employees with a new self-funded health plan that offers a variety of health care options.

1993-94 Adopted Budget

The 1993-94 Adopted Budget reflects an overall decrease in available financing primarily due to increased prior year's expenditures and decreased one-time only prior year's revenue. The Transit Operations fund continues to finance bus projects, paratransit assistance programs, and other local transit assistance programs based on identified needs.

Other Special Districts include Big Rock Mesa Special Maintenance Assessment District, Antelope Valley Drainage Fee District, Bouquet Canyon Bridge and Major Thoroughfare Construction Fee District (BMTCFD), Bouquet Canyon Second Access, Castaic BMTCFD, Parkway-Calabasas BMTCFD, Route 126 BMTCFD, and Lyons Avenue/McBean Parkway BMTCFD and Drainage Special Assessment Areas. Other Special Districts are established pursuant to the Government Code for the extension of services to unincorporated areas. Big Rock Mesa Special Maintenance Assessment District provides for maintenance and pumping of dewatering wells in the Malibu area and is financed through a special assessment approved by the Board of Supervisors. The Antelope Valley Drainage Fee District provides for the cost of constructing drainage facilities identified in the Antelope Valley Comprehensive Plan of Flood Control and Water Conservation, which was adopted by the Board on June 23, 1987. These costs are defrayed by fees paid by subdividers. The BMTCFD collect fees when the subdivision of parcels is recorded and use these fees to finance highway improvements necessitated by future development. Resolutions creating these districts are individually adopted by the Board of Supervisors, in accordance with Los Angeles County Code Section 21.32.200 of February 23, 1982. Currently, there are six BMTCFD, within the County. Drainage Special Assessment areas are established pursuant to the Benefit Assessment Act of 1982 portion of the Government Code to provide for maintenance of drainage facilities. Currently, there are 10 such Districts within the County, the majority of which are located within the Antelope Valley area. These Districts are under the jurisdiction of the Director of Public Works.

FIRE DEPARTMENT

FUND

Various

The Los Angeles County Fire Department is governed by the Board of Supervisors and fulfills all County Charter duties and responsibilities of the Forester and Fire Warden. The Department is organized as a fire protection district under provisions of the California Health and Safety Code and provides fire protection and pre-hospital emergency medical service in unincorporated areas of the County and in 50 incorporated cities. The Department is responsible for suppression of all fires, management of hazardous materials incidents, fire prevention activity and response to all requests for pre-hospital emergency medical treatment within its jurisdiction. Mutual aid and automatic aid programs with other agencies enhance the use of existing resources.

LANDSCAPE MAINTENANCE AND LLAD-LANDSCAPE MAINTENANCE DISTRICTS SUMMARY

Landscape Maintenance Districts are established pursuant to provisions of the improvement Act of 1911 or the Landscaping and Lighting Act of 1972, of the Street and Highway Code. The Districts provide for maintenance of parkways panels, median strips, and slopes within dedicated road rights-of-way and other open-spaces areas in which maintenance easements have been granted to the County. Improvement Act Districts are financed from property tax. Landscaping and Lighting Districts are financed with special assessments.

PUBLIC WORKS-DRAINAGE MAINTENANCE DISTRICTS

FUND
Various

Drainage Maintenance Districts are established pursuant to the Streets and Highways Code for the maintenance, operation and repair of certain drainage facilities to protect low lying areas from excessive storm water runoff. These Districts are financed through the Districts' share of the Countywide tax levy on the real property within their boundaries. Drainage Maintenance Districts are under the jurisdiction of the Director of Public Works.

PUBLIC WORKS-FLOOD CONTROL DISTRICT

FUND
Various

The Flood Control District is established under the legal authority of the Los Angeles County Flood Control Act (Chapter 755, Statutes of 1915) to provide for the control and conservation of the flood, storm, and other waste waters; to conserve such waters for beneficial and useful purposes; and to protect from damage the harbors, waterways, public highways and property located within the District from such flood and storm waters. The District constructs, operates and maintains flood control channels, dams, debris basins, spreading grounds, storm drains, drainage improvements, drainage systems, and other flood control facilities and cooperates with Federal, State and Local agencies in developing a comprehensive flood control system for Los Angeles County.

PUBLIC WORKS--STREET LIGHTING DISTRICTS
AND LLAD - STREET LIGHTING SUMMARY

FUND
Various

Lighting Districts are established pursuant to the Streets and Highways Code, Highway Lighting District Act of 1909 and 1911, for the installation and maintenance of street lighting systems. These Districts are under the jurisdiction of the Director of Public Works.

Street Lighting Assessment Districts are formed under the provisions of the Landscaping and Lighting Act of 1972, Part 2, Division 15, of the Streets and Highways Code. The purpose of these districts is to levy an assessment on each lot or parcel based on benefits to be received from the existing street lighting improvements.

1993-94 Adopted Budget

The 1993-94 Adopted Budget provides financing for the installation, operation, maintenance, and repair of street lighting systems in various districts throughout the County. Also reflects new designations for future needs.

*Includes Res for Encumbrances

PUBLIC WORKS-SEWER MAINTENANCE DISTRICTS

FUND
Various

Sewer Maintenance Districts are established pursuant to the Health and Safety Code for the administration, maintenance, operation and repair of sanitary sewers, appurtenances, pumping plants, sewer treatment plants and related services. In addition to the County unincorporated areas, services are rendered to various cities and governmental agencies on a contract basis. These Districts are financed through sewer service charges initially adopted by the Board of Supervisors in July 1978. Sewer Maintenance Districts are under the jurisdiction of the Director of Public Works.

1993-94 Adopted Budget

Two tax zones, Brassie Lane and Lake Hughes, will require service charge increases for the 1993-94 Fiscal Year. Brassie Lane Zone, which was formed and annexed to Consolidated Sewer Maintenance District this fiscal year, will be required to establish a new sewer service charge to cover administrative costs and meet a contractual obligation with the City of La Verne. The Lake Hughes increase is necessary to generate adequate funds for the operation and maintenance of the Lake Hughes Community Wastewater Treatment Plant. The sewer service charge will remain unchanged for the remaining tax zones because sufficient funds are estimated to be available to finance salary and equipment maintenance increases.

RECREATION AND PARK DISTRICTS & LLAD SUMMARY

FUND
Various

These districts are administered by the Parks and Recreation Department. The purpose of the assessment districts, formed under the provisions of the Landscaping and Lighting Act of 1972, Part 2, Division 15, Streets and Highways Code, is to assess property for benefits received from parkway and median panel improvements. The purpose of the other districts, formed under authority of the Public Resources Code, is to maintain parkway and median panels.
